A song deep in their hearts causes us to pause in the midst of our hurry.  
An eternal harmony of service and caring breaks into our absent-minded repetition.  
They are a tapestry of dedication and gentle guidance;  
a fine garment of compassion and human care.  
A graceful weave of assistance and knowledge.  
A piece of art woven with whispers of assurance.  
Every one of them shaped with infinite benevolence,  
painted with incredible beauty.  
They are Homecare Aides.
